International Symposium on Auditory and Audiological Research

August 23-25, 2017

Nyborg, Denmark

ISAAR 2017 Sessions and Invited Speakers

- I. Adaptive behavior in complex listening environments
Virginia Best, Piotr Majdak, Owen Brimijoin
- II. Neural mechanisms and modeling of adaptive auditory processes
Tobias Moser, Jan Schnupp, Elia Formisano, Mounya Elhilali
- III. "Maladaptive" processes in hearing
Pim van Dijk, Roland Schaette, Martin Pienkowski
- IV. Electrophysiological correlates of auditory adaptation
Tobias Overath, Stefan Debener, Manuel Malmierca
- V. Adaptive and learning processes with hearing devices
Monita Chatterjee, Nikolai Bisgaard, Tom Francart, Dianne van Tasell
