

Dear colleague,

The EuroRegio 2016 congress will be held at the Faculty of Engineering of the University of Porto (FEUP), in the attractive city of Porto, in June, 13-15th. This congress will be held jointly with the 9^o Iberian Congress and the 47th Spanish Congress on Acoustics TECNIACUSTICA® 2016, and will include an EAA Summer School on Acoustics, and a Forum for Young Acousticians.

In this congress, we are in charge of organizing a structured session on “**Auditory and Multisensory Perception**”. In view of your research activities and acknowledged reputation in this field, we have the pleasure to invite you to submit a paper to this structured session. Unfortunately, the Euroregio 2016 Organizing Committee is not able to cover your registration fees.

If you accept this invitation, your abstract should be submitted through the congress website <http://www.webchairing.com/euroregio2016/submission/> at your earliest convenience, but no later than February 1st 2016.

Please, for any inquiries you can contact us at freinoso@vub.ac.be (Felipe).

We look forward to seeing you in Porto, in June 2016.

Sincerely yours,

Prof. Raymond Van Ee
Ku Leuven (Dept. Of Experimental Psychology)
Radboud University (Donders Institute for Brain, Cognition and Behaviour)
Phillips Research Lab, Eindhoven

Mr. Felipe Reinoso Carvalho - PhD candidate
Ku Leuven (Dept. Of Experimental Psychology)
Vrije Universiteit Brussel (Electronics and Informatics)
