

The Cluster of Excellence “Hearing4all: Models, Technology and Solutions for Diagnostics, Restoration and Support of Hearing” at the Carl von Ossietzky Universität Oldenburg (in collaboration with the Medizinische Hochschule Hannover and Leibniz Universität Hannover) is seeking to fill the position of a

## Postdoctoral Research Associate in the Field of Auditory Neuroimaging

in the Department of Psychology, Faculty of Medicine and Health Sciences.

The position is available **from 1st of April 2020** until 31<sup>st</sup> of October 2022. Payment is depending on previous experience (German TV-L E13, full time). The position is suitable for part-time work.

The successful candidate is expected to contribute to the research goals of the cluster by participation in thread 1 “auditory processing deficits throughout the lifespan” ([www.hearing4all.de](http://www.hearing4all.de)).

Candidates are expected to have an academic university degree in the field of psychology, cognitive science or neuroscience and have shown their ability to perform excellent scientific work, demonstrated by the outstanding quality of their Doctorate/PhD research and an excellent publication record. Prior experience in neuroimaging techniques and data analysis (e.g. fMRI, MRI, DTI) is required. In addition, candidates should have good programming skills and sufficient knowledge of German for testing patients. Prior experience with auditory research or research on plasticity is a plus. The candidate will have access to state-of-the-art brain imaging (MRI, NIRS, EEG and MEG), and computational facilities.

The University of Oldenburg is dedicated to increase the percentage of female employees in the field of science. Therefore, female candidates are strongly encouraged to apply. In accordance to § 21 Section 3 NHG, female candidates with equal qualifications will be preferentially considered.

Applicants with disabilities will be given preference in case of equal qualification.

Please send your application including a cover letter, CV, list of potential referees, links to recent publications and copies of certificates for academic grades to Prof. Christiane Thiel, Department of Psychology, University of Oldenburg, 26111 Oldenburg, Germany; ([christiane.thiel@uni-oldenburg.de](mailto:christiane.thiel@uni-oldenburg.de)). Electronic applications (one pdf file) are preferred. The application deadline is **8<sup>th</sup> of March 2020**.
