

Speech-in-Noise Testing Survey

- Seeking U.S. audiologists and hearing aid/instrument specialists (or equivalent title) for a research study
- Purpose: to learn more about the current state of speech-in-noise testing
- Involves an anonymous online survey
- We encourage you to respond even if you don't perform speech-in-noise testing
- PI: Ian Mertes, Dept. of Speech and Hearing Science, University of Illinois Urbana-Champaign, imertes@illinois.edu
- Survey link: go.shs.illinois.edu/spinsurvey
